ton of Gomez's troops, because a man, after a few months' experience with Cuban post-offices, and after being mixed up in Cuban affairs, has recognized Pinkerton's every water who hands him a bottle of water at dinner, for Cuban Pinkertons are everywhere, and Spanish gold colors many things in these United States. But he does not believe that American soldiers, such as the Confederates were, he could have whipped every detachment of the Spanish army sent against Gomez in the last three months.

MARKET QUOTATIONS.

REPORTS FROM ALL GREAT BUSINESS CENTRES OF THE WORLD. Prices of Money, Bonds, Stocks, Grain, Tobacco, Cotton, Cattle, Country Produce, &c., Foreign and Domestic.

NEW YORK, May 19.—The firmness shown by many standard shares in the rather stormy vicissitudes of to-day's stock market was quite remarkable, considering the existence of two such centres of depression as New Jersey Central all day, and Chicago Gas in the late dealings, after the receipt of news of the defeat in the Illinois Legislature of the bill permitting consolidation of the gas companies. To estimate the extent of the influence that might have been exercised upon the general market by these two stocks, it must be considered that they absorbed over 8,000 out of a total of 15,000 shares dealt on the Exchange for the day, Chicago Gas alone being credited with 62,000 shares. A large proportion with these sales were made in the last hour and a half of trading, and enormous blocks of stock were unloaded with precipitated eagerness, which had been bought in the confident conviction that the consolidation bill would succeed. The price, which had advanced a point in the morning, was finally driven down to the lowest point reached, when there was a feeble rally. The demoralization in this stock was in a fair way to break the whole market, and in fact, carry it down to a level below the close of the day.
